THE PUBLIC PERCEPTION OF THE RISK PRODUCED BY ENVIRONMENTAL POLLUTION IN IASI CITY

Corneliu Horaicu* and Florin Prisacaru

*Inspectorate of Environmental Protection Iasi, 10 bis Th. Vascauteanu Str.,
6600-Iasi, Romania*

Abstract

The purpose of this evaluation is to establish the level of public awareness about the risk of environment pollution, as an application of Aarhus Convention, concerning the Access to Information, Public Participation in Decision/Making and Access to Justice in Environmental Matters. This evaluation has been attained with the participation of two NGOs, GEEA and Palora Associations, that have collected the questionnaires with their volunteers.
